

How to Report ICE Raids or Arrests:

To best protect our communities it is important to responsibly report and share verified information. False reports create more fear, panic, and trauma.

If you witness an immigration raid, arrest, or related activity:

- Take a picture or a video of the officers.
Remember to stay safe.
 - Take note of exact date, time & location
 - Take note of the type of law enforcement agency, vehicles and activities.
 - Call/Text TIRRC's hotline: 615-414-1030 with the above details
-

If it is not a first hand report:

- Do not share it publicly on social media if you did not witness it yourself.
 - Reach out to TIRRC at 615-414-1030 so that we can document and verify the report
 - If you see others sharing unverified reports, refer them to these guidelines.
-

It is important to respond to immigration enforcement with power, not panic. Be prepared: know your rights and create a family plan. Call/Text TIRRC's Hotline: 615-414-1030
